Planning Decision Making

Presented by Duncan Chadwick of Chadwick Town Planning

This CPD will give our guests an overview of planning decision-making. It aims to help people:

- To understand the principles of development management
- Understand the importance of the development plan alongside other relevant factors that ought to be taken into account in decision-making
- Identify significant considerations from a range of issues
- Appreciate the legal, political and ethical framework and context in which planning decisions are made.

Please let us know if you plan to join us for this online event to receive the Teams link & that we have your mobile number if circumstances change.
